

Dreams

Naykilla

In my dream I see you
It felt so real
In cold morning I see you
Oh, I see your pain your in tears

And this dream got me in pain
And this dream got me in pain

Oh, it hurt so bad
It hurt so bad
It hurt so bad
Oh, you leave me again
You leave me again
And I'm lonely

I wanna get lost with you
But I'm scared you'll escape
