

You

Naykilla

You, you are
You take me to the clouds abo-o-o-ve
You, oh you are
You said you love me then you when so cold

I swear you got me losing my mind
I thought that it was fucking special
I thought I love you so well, but
You throw me out to hell

Oh, I can't even lie
I'm still under your spell

Cause I, uu uu uu uu
Am I a fool, am I a fool for you uu uu uu uu
Go ahead grab some...
Go ahead grab someone new
Listen baby, damn so done to get to you

I swear you got me losing my mind
I thought that it was fucking special
I thought I love you so well, but
You throw me out to hell

Oh, I can't even lie
I'm still under your spe-e-ell

Cause I, uu uu uu uu
Am I a fool, am I a fool for you uu uu uu uu
Go ahead grab some...
Go ahead grab someone new
Baby, damn so done to get to you
