

# Crazy Molly

Nazareth

Accept no imitation  
It's time to make some noise  
A bona fide icon  
For all the girls and boys  
She's tameless, she's shameless  
I guess it's just as well  
I know that bad girls go to hell

Crazy Molly  
She's playing with my mind and body  
Crazy Molly  
She only want to party party

You'll get no explanation  
You won't hear her complain  
The constant hedonism  
Could drive a man insane  
Outrageous, contagious  
You're gonna take a hit  
They say that good boys don't get shit  
C'mon

Crazy Molly  
She's playing with my mind and body  
Crazy Molly  
She only want to party party

Infatuation  
That's what you'll feel tonight, yeah  
She's off the hook  
This girl is dynamite

Crazy Molly  
She's messing with my mind and body  
Crazy Molly  
She only want to party party

Yeah

Crazy Molly  
She's messing with my mind and body  
Crazy Molly  
She only want to party, party
