Long Long Time

Nazareth

I'm not always strong
And I'm not always there
And I've sure done you some wrong
I don't always care

I just want you to know…
I'll be lovin' you a long, long time
Darlin' don't ever go
I'll be lovin' you a long, long time

I know that I'm weak
And I'm so not self assured
But emotions don't speak
And my feelings are pure

I just want you to know…
I'll be lovin' you a long, long time
Darlin' don't ever go
I'll be lovin' you a long, long time

I just want you to know…
I'll be lovin' you a long, long time
Darlin' don't ever go
I'll be lovin' you a long, long time

Want you to know
I want you to know
Want you to know
I want you to know

I want you to know

I just want you to know…
I'll be lovin' you a long, long time
Darlin' don't ever go
I'll be lovin' you a long, long time
