

Silent Symphony

Nazareth

Lay down with stars in my eyes
Break down
See me, I'm telling no lies
Hear me

Is it better than me
(Is it better than me)
Is it better than you
Tell me what you see
(Tell me what you see)
Did daddy tell the truth
Running faster than my ego
I've been lost in my dreams
Cos it's better than me
(Cos it's better than me)
And it's better than you

Take me I'm burning inside
Shake me
Don't tell me to swallow my pride
Don't shame me

Is it better than me
(Is it better than me)
Is it better than you
Tell me what you see
(Tell me what you see)
Did daddy tell the truth
Running faster than my ego
I've been lost in my dreams
Cos it's better than me
(Cos it's better than me)
And it's better than you

Open up your eyes and see
I can build a symphony

I lay down and stare at the sky
Free now
See me I'm telling no lies
Hear me

Is it better than me
(Is it better than me)
Is it better than you
Tell me what you see
(Tell me what you see)
Did daddy tell the truth
Running faster than my ego
I've been lost in my dreams
Cos it's better than me
(Cos it's better than me)
And it's better than you

Open up your eyes and see
I can build a symphony

So it's better than me
(So it's better than me)
And it's better than you
It's up to you boy
Did daddy tell the truth
Running with my ego
Lost in my dream
Is it better than me
(Is it better than me)
Cos it's better by you

Open up your eyes and see
I will build a silent symphony
