

## Trust

NB Ridaz

Confia en mi, le pido Dios, ya árame

Night after night I watch you  
While you sleep right beside you  
Sending thanks to the Lord above  
For the answered prayers that you're the one

That I want to give it all to  
Aww, whoa  
All I ask for you is do one thing  
Just trust  
Confia en mi, le pido Dios, ya árame  
All I ask for you is do one thing  
Just trust

Dices que me quieres, que me amas, que me adoras  
Dices que estás triste, que en la noche a veces lloras  
Te confia en mi cuando te digo que te quiero  
Eres mi estrella, la más bella, feliz me encuentro  
Let me be the one who loves you  
No más tu, no one above you  
Tu pa mi y me for you  
Nuestro amor es para siempre  
Todo lo que quiero hacer es  
Besar tus labios y tu piel  
Los cielos te han mandado a mi  
Estar feliz hasta el fin

Give it all to you  
Aww, whoa  
All I ask for you is do one thing  
Just trust  
Confia en mi, le pido Dios, ya árame  
All I ask for you is do one thing  
Just trust

Something special about you  
Baby you so beautiful  
Let me count the ways  
And the reasons that I love you  
First off I was blessed  
To be in your presence  
With these three little words  
At the end of this love letter  
Princesa mi riena  
Tu eres toda mi vida  
She got them stars in her eyes  
With the essence of Selena  
Every day I wake up  
O the sunshine in my room  
God's gift to this world  
Yet perfection when He made you

Night after night I watch you  
While you sleep right beside you  
Sending thanks to the Lord above  
For the answered prayers, now you're the one

That I want to give it all to  
Give me all your love and your trust  
Give me everything, I can't get enough  
Aww, whoa  
All I ask for you is do one thing  
Just trust  
Confia en mi, le pido Dios, ya ámame  
All I ask for you is do one thing  
Just trust  
Confia en mi, le pido Dios, ya ámame  
Just trust
