Baby just don't move

□ □ □ □ □

Baby just don't move

While blinking

Baby just don't move

Baby just don't move

Come closer

Talk to me

Inside the blindingly beautiful moment
I captured your nervousness in my memories
So I could treasure it and open it one day, stop stop
Baby just don't move

Your lips are moving yeah
You can't find a single fault yeah
I want to pull
A little bit closer, a little bit closer
I don't know where I'm staring oh
Just look at me now
I will put your blinding self
Into my eyes from my reflection
1, 2, 3 this eye expression
1, 2, 3 this feeling
1, 2, 3 this nervousness
Baby just don't move

My world is here, I will put it in my eyes
I will put you, only you
I will watch you
So you can't even feel the bright light
Hey, I was putting you into my eyes
Now I will go closer to you
In that tiny frame
I will stick next to you so we can both be locked in
In one scene of your memory you will eventually look back on
I will be there

Your lips are moving yeah
You can't find a single fault yeah
I want to pull
A little bit closer, a little bit closer
I don't know where I'm staring oh
Just look at me now
I will put your blinding self
Into my eyes from my reflection
1, 2, 3 this eye expression
