Candle light

Not yet, hold on, are you ready
When I give the sign
Count 1, 2, 3, and open your eyes
What am I doing this for
I'm curious
It's not any special day

Like Monday Tuesday Wednesday Thursday
Every moment I'm with you always
Each day was special

Blow it out candle light candle light candle light, baby
It means I'm thankful for everyday you were with me
At times like this, for some reason I am, baby
It's embarrassing but it means I love you
When I see you and your blinding smile
Na na na na na na na
The wish for you and me to be forever
Feels like it'll come true woo

I know the days ahead
Are so unclear
The days that pass, it's a shame they do
But don't worry
The days like today
We can add day by day woo

Monday Tuesday Wednesday Thursday
I'm planning on filling them all with you
I think this much is perfect

Blow it out candle light candle light candle light, baby
It means I'm thankful for everyday you were with me
At times like this, for some reason I am, baby
It's embarrassing but it means I love you
When I see you and your blinding smile
Na na na na na na na
The wish for you and me to be forever
Feels like it'll come true woo

Because you're in my heart
My melody is natural
My dreams were possible because of you
Want to fulfill them all with you
Not alone but with me now girl
You who appeared when I needed someone
In the midst of the ordinary, celebrate your preciousness
Even the lights in the street laid out like candle lights are special
Always by my side

Now open your eyes open your eyes open your eyes baby
Want to give you days that are like gifts
Like you and me you and me you and me baby
Will we be able to be together around this time next year?
Each square in the calendar on the desk
Without missing one day, only
You and me Like a candle light that won't go out

The wish for you and me to be forever
Feels like it'll come true woo
