Honestly, today's the day
I'm gonna break up with you
I'm going to go see you, hope you'll understand
Wasn't an easy decision
That's what I'll tell you
But actually I woke up today
And I just knew it

Got up this morning
The sun is shining
Everything's changed

Including my feelings for you
Doesn't mean that I don't love you
Because now I'm going to change myself

Behind, behind, behind your back
Comparing you to other girls
The fantasy of you
Shattering broke my heart
Now I'm crying alone
Gonna leave you Uh
Gonna leave you Uh
But I still love you
That's true, but soon
I will forget you

Looking up to the sky
Above my head
Got my feelings under control
But as I stepped towards you
I realized we stand below the same sky

I said "I just love you"
Forgetting what I'd prepared
Before this moment
I'll always be by your side
I promise you right now
Looking up to the sky

The sky is wide-open for me
Still, I'm here, but you're there
Leaning together lovers kiss
But for us
I'm always standing behind you
Gonna stop, gotta man-up
I know you know how I feel
So exhausted, all I can do
Just stare at that sky above

The sky is wide-open for me
Still, I'm here, but you're there
Leaning together lovers kiss
Why am I always a step behind?

Got up this morning
The sun is shining
Everything's changed
Including my feelings for you
Doesn't mean that I don't love you
Because now I'm going to change myself

Looking up to the sky
Above my head
Got my feelings under control
But as I stepped towards you
I realized we stand below the same sky

I said "I just love you"
Forgetting all the words I had prepared
Before this moment
I'll always be by your side
I promise you right now
Looking up to the sky

I tell you again and again
Forgetting all the words I had prepared
Before this moment
(Forgetting all the words I had prepared before
I said that I love you again)
I'll always be by your side
You'll never be alone
Here I am, by your side
