[English translation:]

Awaken this complex city
On the gray streets
Under the traffic light
Shake your shoulders familiarly
Faster, faster
The ringing on your fingertips (deeper, deeper)
I just want to feel good all night long oh

This moment is a good thing (woo)
Good thing (woo)
You're looking at me, good thing (good thing)
Good thing (good thing)
This time is a good thing (good thing)
Good thing (good thing babe)
Even lighter, good thing (good thing)
Good thing (good thing)

Go down more ooh
With this rhythm ooh
All night ooh
With you ooh
More excitedly

We're playing all night together (we)
With explosive hearts (all night)
The air has grown hotter
Music is a treasure that fills you
(Treasure in my heart)
Just as you feel
Have a bit more fun (don't stop yourself)

Give me what you got
Because you know that I can take it
Give me what you got
This is my place space ship
Whipping cream, lightly up to the sky
Let's go, flex, flex one's muscles
Step up if you can keep up,
Keep up with me
Take a deep breath and let's go in really deep
Let's noisily dance, daily
Until we get that good thing baby

I just want to feel good all night long oh

This moment is a good thing (woo)
Good thing (woo)
You're looking at me, good thing (good thing)
Good thing (good thing)
This time is a good thing (good thing)
Good thing (good thing babe)
