Even though you're cold, even though you push me away

Even though I cried till I hated you, even though I tried to brush you off

In one corner of my heart, in one part of my heart

There is still a part of me that draws you out

It's hard for me to forget you

How can the memories be easily forgotten?

It's hard for me to hate you

How can I hate you?

If you turn around, there will be someone

Who is protecting you, always in the same way

It's hard for me to forget you

How can the memories be easily forgotten?

It's hard for me to hate you

How can I hate you?

Don't go, don't go yet

I'm still not ready to let you go

Too hard for me

Too hard for me

Too hard for me

It's hard for me to forget you

How can the memories be easily forgotten?

It's hard for me to hate you

How can I hate you?
