You're so new every day, I can't stop staying nervous, I won't

24/7, we're
On this rollercoaster ride
Throwing our whole bodies into the thrill

She's not normal
She's a maniac
And I love her just like that
I've fallen even deeper

She's a maniac
And I love her just like that
Yeah I love her just like that
Oh

That risky look
The rough vibes
You're somewhat different
She's a maniac

I will understand so please throw away all fakeness
I'm crazy right now
But I can't snap out of it for you right now

Come closer to me
You can hurt me
Like main characters of a thriller

She's not ordinary
She's a maniac
And I love her just like that
