Pick what you want and stick it on  
I can show you need  
I'm a hip Sticker  
Bang bang  
Look at the kids holding their heads up high  
NCT we will show you the vibe hi  
Our logo in the shape of a gun

Baby don't be afraid  
Think about your star oh!  
It really doesn't erode away  
I make you shine brighter  
When the two worlds converge  
On earth, we call that L.O.V.E ah  
Just say what your heart tells you  
It means, you can move as you please

When it's just the two of us, just be sweet like sugar  
Don't bother minding others  
You're the boss  
Don't worry, just trust me  
Only you can do that  
If you want it, then it's yours

Just stay close to me  
Like a Sticker Sticker Sticker  
You're the main character in my masterpiece  
Like a Sticker Sticker Sticker  
Forget about the troubling world  
Just write down the history of you and me  
Don't say much other than "I love you"  
If I'm right, throw your hands up

Don't be hasty, stick it on hard  
Know that I ain't falling off

I feel my affection surging up  
Who put this all together  
I'm the Sticker for your love  
So if you see it ho  
If you hear it, answer me right away like baby

Baby I feel so attracted to you  
Talk about your gravity oh  
You pull me so hard like crazy  
My very cool attitude  
Can't even snap out of it  
I can't resist baby girl ah  
You treat me like a boy  
Like a grown-up child chasing a dream

Fallin' into my love my sugar  
Listen, this really isn't  
Just flattery  
All my emotions have been growing  
To welcome you  
I mean, you're the boss

Just stay close to me

Already destined  
Like the existence of day and night  
It feels only natural  
U will gotta be only one I love

That kind of mono drama
