At the end of the high sky
With a ball that looks like the earth
Go trigger the fever

On top of this dazzling ground
Strongly take one more step
Dream on trigger the fever

With this ringing sound that hits my heart
With the full sound of the crowd
I'm filled with light
You and I, we've become one

One person's shout, yay
I hope the echo is there every day, yay
If all the hearts are the same, I hope there will be an answer
Look at the big place, at the green light

(When we dream it
We can be the one)

Yeah yeah yeah
When we dream it
We can be the one go

We can be the one yeah
We can be the one yeah
We can be the one oh

All the dreams that filled me up (I remember)
They spread out to the green world
Dream on trigger the fever

With the hot tremblings in my heart
With the youthful passion

And the burning energy
Run today

Hey little brotha, believe
Don't look back and run together
Sing together as you listen
Tell the person next to you as you listen
Like drumroll

(When we dream it
We can be the one)

Yeah yeah yeah
When we dream it
We can be the one go

We can be the one
(Be the one yeah)
We can be the one yeah
We can be the one oh

The game has started, the dream of becoming one
Flames burning up in our hearts
A big shout inside
We're dreaming together

Time to run (go on)
Past the limit (one more time)
Climb high (let's go)
Let's go (let's go)

When we dream it
