

Big

Ne-Yo

Okay!

So you wanna talk big

Y'all gonna realize how you starvin' [?]

Be in my crew, stompin' studio [?]

I feel it in my chest

Hopped up on nitro through my veins

When I take a breath, it's like a hurricane

Hundred mile winds full of Mary Jane

I can make the world fell it when I bang

I can move the planet like it ain't no thang

Big enough to put the sun on the end of my chain

I take Saturn's rings and wear 'em like they rings

And put stars on my wrists, yeah

Best whips in the world every one of my cars on the list

Best chicks in the world I ain't sayin' no names

But I gotta keep stars on the list

I flood the strip club, I part the green sea like a black moes

I'm on the top, babe, but it just don't get much bigger than me

Know y'all ain't talking big

Y'all just talking

Said it just don't get

Much bigger than this, much bigger than me

Know y'all ain't talking big

Y'all just talking

Said it just don't get

Much bigger than this, much bigger than me, naw

I just don't get (Much bigger than this)

If I don't know nothin' else one thing I know

I go any where I want to go

Sunshine in the wintertime big and bold

For the summertime, I go find the snow

One thing I know, I know about dough

Even know about broke, been there before

Was a long, long, long, long time ago

I ain't never forget, but that ain't here no more

Now it's European whips and Cuban cigars

Shorty hellla mean with a real nice figure

Platinum, 45 soild gold trigger

Like a hole in your nigga don't get much bigger than me

Know y'all ain't talking big

Y'all just talking

Said it just don't get

Much bigger than this, much bigger than me

Know y'all ain't talking big

Y'all just talking
Said it just don't get
Much bigger than this, much bigger than me

Much bigger than this
Much bigger than this

Yeah, Best whips in the world every one of my cars on the list
Best chicks in the world, I ain't sayin' no names
But I gotta keep stars on the list
I flood the strip club, I part the green sea like a black moses
I'm on the top, babe, but it just don't get much bigger than me

Know y'all ain't talking big
Y'all just talking
Said it just don't get
Much bigger than this, much bigger than me

Know y'all ain't talking big
Y'all just talking
Said it just don't get
Much bigger than this, much bigger than me
