

Comfortable

Ne-Yo

Pick up, pick up
Baby girl pick up the phone
I kno you kno it's me
You got it on your ringtone

We off in this room and
It's about 4 a.m. I just left the studio
I think you kno wassup
I think you kno it's on so

Put on somethin that's
Next to nothin and
Meet me at the crib
Baby you kno where it is
Hurry up

And girl when you show up
Let me show you what
Relaxation is
Baby let's do it like this

We're gona be chillin
Girl come in and let's get comfortable
Baby you and me tonight

We're gona be chillin
Girl come in and let's get comfortable
Baby you and me tonight

Just pull your hair back
And throw on your sweats
Or somethin less
You ain't got to impress
Me

No need to fix up no make up
No stress
Girl I care less
I just want you right here
With mee
Yeahh

Put on somethin that's
Next to nothin and
Meet me at the crib
Baby you kno where it is
Hurry up

And girl when you show up
Let me show you what
Relaxation is
Baby let's do it like this

We're gona be chillin
Girl come in and let's get comfortable
Baby you and me tonight

We're gona be chillin
Girl come in and let's get comfortable
Baby you and me tonight

Lay down on the couch
And let me
Coress the curviness of your body baby

Anything you want to do babe

Lay down on the floor and let me
Do somethin to have your legs shakin baby
Said anything you want to do babe
