

Decisions

Ne-Yo

The angel says
Take a second, think about it
Ask yourself is it really worth it
Really worth it

U got a good girl on your side
And u kno that she don't deserve it
Don't deserve

But the devil says
Look at how shes lookin at u
U kno u wana get it crackin
Get it crackin

And plus how can your girl get hurt
If she don't even kno that it happened
That it happened

It's got me like(oooh)
Cus I wana do right
But she looks so good tonight
And it's got me singin (oooh)
Cus I wana get it on
But I kno that it's wrong

The angel says
What would you want her to do
If she was in the same situation
Situation

Said think of your relationship
And walk away ignoring temptation
Said temptation

But the devil says
She ain't that kind of girl
So that's not even how it would go
She'd never put her self in that place

Said your a man so go ahead & be a man
Just make sure she never knows
And everything will be okay

It's got me singin oooh
Cus I wana do right
But she looks so good tonight
And it's got me singin oooh
Cus I wana get it on
But I kno that it's wrong
