

How I Do

Ne-Yo

You see, I met her at a party, the album release
I told her I switch dates like an album release
And when it comes to the style, I'm a beast
The swagger is crazy, I should be in a asylum at least
And um, I'm a gentleman, I open the doors
So I'm a roping them more than?
I does my thing, and I hope you do yours
Cause my shit is so dope, you want coke to withdraw
They like "make you amor"
And shorty I can tell it like I sell, I should open a store
But I don't do the drama, really think I'm a
Come blow it up like a suicide bomber
Might give you a wink, might send you a drink
It could be nothing, it might be what you think
And either way it play, I'm still Loso
Had to give it to you baby, in case you didn't know so

I got a few different women, told you from the beginning
Girl, don't act brand new
I tried to be honest in this hotel, now why you tripping
You know how I do

Why you calling screaming about some place that I was seen in
With somebody else, girl you need to get a hold of yourself
If you're asking me if I was out with a little sexy thing
In a tight red dress, well you must know the answer's yes
We don't need this
When we started chilling and I said that I ain't willing
To be your boyfriend, take it or leave
We don't need that
If I kept it real and you said you wanted me still
So why the hell are you screaming at me
About the fact that

I got a few different women, told you from the beginning
Girl, don't act brand new
I tried to be honest in this hotel, now why you tripping
You know how I do

Did I say anything to you when I spotted you with some dude
From around the way, I saw you just the other day
No, didn't even mention it, cause real talk, ain't my business
You ain't my lady, do your thang, play how you play
We don't need this
It could be out having fun, kicking it with this one, that one
And I don't give you, no flack about that
We don't need that
If I don't get in your stuff, baby won't you please tell me what
Gives you the right to be all my back
About the fact that

I got a few different women, told you from the beginning
Girl, don't act brand new
I tried to be honest in this hotel, now why you tripping
You know how I do

Aw baby let me break it down
It's all about honesty, so baby girl, why you wanna trip on me
It's all about honesty, I kept it real
You wanna run in these streets, but you get when you see me
Said, it's all about honesty, I kept it real
And I told you girl that

I got a few different women, told you from the beginning
Girl, don't act brand new
I tried to be honest in this hotel, now why you tripping
You know how I do
