

Keep Talking

Ne-Yo

Keep on talking
Keep on talking
Keep on talking
DJ Coco, bring that shit on
Please continue doing what you do
Talk your shit all day
Keep going
It's nothing (I love it)
And no, don't you hesitate
To crucify me for mistakes
Cause Lord knows you ain't never mean
It's ok, think nothing of it (I love it!)

One page of my story
One scene of my life
Magnify what I do wrong
But ignore what I do right
And you feel that I'm supposed to care bout what you do and don't like
Kicking dirt all in my face
But still I'm supposed to play nice
How about this
Imma kiss who I wanna kiss
Imma dance how I wanna dance
Smoke my weed, love my man
Doing my shows and wear my clothes
Talk about sexing you in office
Until I'm dead and in my coffin
And imma keep living so they keep on, keep on
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking about, It's nothing (I love it!)

Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking about, It's nothing (I love it!)

How don't you see
That what you did
It don't make me shit
But fuck it it's nothing (I love it!)

Said no matter what you call it
Imma success a holic
Not accustomed to falling it
Of, I'm good regardless
So keep talking bout my private in public
My life is always the subject
But if you like it
I love it!

One page of my story
One scene of my life
Magnify what I do wrong
But ignore what I do right
And you fell that I'm supposed to care bout what you do and don't like
Kicking dirt all in my face
But still I'm supposed to play nice
Hey, how about this!
I kiss who the fuck I wanna kiss
Dance how the fuck I wanna dance

Smoke my weed, love my man
Doing my shows and wear my clothes
Talk about sexing you in office
Until I'm dead and in my coffin
And imma keep living so they keep on, keep on
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
Keep talking about, It's nothing (I love it!)
Keep talking, Keep talking, Keep talking about
Keep talking, Keep talking, Keep talking about
