

# Layin' Low

Ne-Yo

(Remo the hitmaker)

Oh me, oh my  
Apparently you outside  
It seems that you outside  
Is that right?

You in L.A., but ain't layin' low  
Go out that way just to gas you up  
Oh girl, I know you out there  
You ain't like that, no  
You in L.A., but ain't layin' low  
You ain't layin' low ('Cause you outside)  
You ain't layin' low ('Cause you outside)

Pretty little O.T.  
Pretty clear from the first time that you came around  
That you wasn't from around  
You ain't know the wave, you ain't know the town  
Green to the city and the scene  
Good girl demeanor with a body so mean  
I put you on, introduce you to the team  
Made you pre-vied to the finer things  
You ain't never seen, then I sent you home  
With your back and your mind blown  
Told you holla at me when you're in my timezone  
Week later get a call from my nigga Zay and he tellin' me

You in L.A., but ain't layin' low (Is that so, baby?)  
Go out that way just to gas you up (Yeah, yeah, yeah)  
Oh girl, I know you out there  
You ain't like that, no  
You in L.A., but ain't layin' low  
Baby, you ain't layin' low ('Cause you outside)  
You ain't layin' low ('Cause you outside)

I remember vividly pickin' you up  
It was yo' first time, but it wasn't enough  
Now you be in the city with out tappin' in  
Is that how you give it up, huh?  
I can't let the at slide, no (No)  
'Cause when you in L.A., girl, you mine (Mine)  
So why is that I'm hearin' you outside?  
You need to let me know now  
If the wave ain't flowin' that' cool with me  
But I gave you a light you ain't used to  
You got that 'cause of me

You in L.A., but ain't layin' low (Is that so, baby?)  
Go out that way just to gas you up (Yeah, yeah, yeah)  
Oh girl, I know you out there  
You ain't like that, no  
You in L.A., but ain't layin' low  
Baby, you ain't layin' low ('Cause you outside)  
You ain't layin' low ('Cause you outside)

Oh me, oh my

Apparently you outside
