

Lonely Again

Ne-Yo

I became her lover, she became my lover.
Had her heart broke, I was helping her recover.
I became the man she knew she could rely on.
Somebody to listen or shoulder to cry on.
She was getting better, better she was getting.
The more time spent, the more she would forget him.
But then back around he seen that he started coming, and shes on the low tak
ing phone calls from him.

I thought that we were building something strong.
He apologizes and now your gone.
And I won't put up with this.

You wanna go. (Go.)
Just hope you know.
Baby your gonna be lonely, lonely again.
Oh lonely, lonely.
Go on go, go. Just hope you know. (Hey.)
Baby your gonna be lonely, lonely again.
Lonely, lonely again.
Don't call me when your lonely again.
When your lonely again, lonely again.
Oh, sugga don't call me when your lonely again, when your lonely again.
Lonely again. (Oh.)

And I can't believe it, (No.) I really can't believe it.
Never in a million years I couldn't see it.
I pulled her from the flames so she don't expire, she turned around and jump
ed in the fire.
What are you doing? How could you do it?
Back to the flames baby that's just stupid.
Had me feeling bad for you, so foolish. (Whatever.)
Now you deserve what you get. Whoa, oh.

Thought we were building something strong.
He apologizes and now your gone.
Said and I won't put up with this.
(Oh.)

You wanna go. (Go.)
(Hey.) Just hope you know.
Baby your gonna be lonely, lonely again.
Lonely, lonely. (Lonely, yeah.)
Go on go, go. Just hope you know.
Oooh baby your gonna be lonely, lonely again.
Lonely, lonely again.
Don't call me when your lonely again.
When your lonely again, lonely again.
(Whoa wha oh)
Oh, sugga don't call me when your lonely again, when your lonely again.
Lonely again. (Oh.)

Hey girl, picked you up when your down,
didn't do it so you could lie back on the ground.
I just don't understand, you must like punishment.
If you get hurt again just remember that you asked for it.

Hey, hey, hey, hey, hey, hey, hey eh ay, hey, hey.
Oh whoa. Whoa oh.

You wanna go. (Go.)
Just hope you know.
Oh baby your gonna be lonely, lonely again.
Oh, lonely again.
Go on go, go. Just hope you know.
Baby your gonna be lonely, lonely again.
Oh, lonely, lonely, lonely, lonely yeah.
Don't call me when your lonely again.
(Don't call me lonely again.)
When your lonely again, lonely again.
(When your lonely...) Lonely again.
Oh, sugga don't call me when your lonely again, (Oh don't call me.)
when (Lonely again.) your lonely again.
Lonely again, again.
