

# Move Along

Ne-Yo

You can move along  
I believe that we are done  
Whatever we was trying to do  
'Cause you up and did me wrong  
Cupid got a big gun but a blindfold

She gave another brother access to her little black dress  
You know the one, short silky and backless  
You need an Oscar, as she was an actress  
I called and met someone, into the mattress

Now shes lying to my face  
Eyes burning up like her words was mace  
I don't even hear what she was trying to say  
Song playing in my head, irreplaceable  
To the lies I'm deaf  
All I can here is to the left, to the left  
So I say get out and don't touch that jacket  
Your stuff, I already packed it  
Mm being polite.

I don't wanna be rude, I don't mean to be mean but I don't gotta deal with t  
his mess  
Telling me I need you when you know you need me  
But if thats how you feel you can just  
Move along, move along, move along, move along  
No argument, no fight  
Move along, move along, move along, move along  
I'm just trying to be polite

And if I seem a bit chill  
Its because I don't sweat the small  
Find another girl, please believe I will  
I ain't tripping off you at all  
A boss from the beginning  
Been there for a minute  
So me losing you was me still me winning  
Found out about you sinning  
So you wonder what the hell I'm dreaming

Now you're lying to my face  
Eyes burning up like her words was mace  
I don't even hear what you're was trying say  
Song playing in my head, irreplaceable  
To the lies I'm deaf  
All I can here is to the left to the left  
So I say get out and don't touch that jacket  
Your stuff, I already packed it  
I'm being polite

I don't wanna be rude, I don't mean to be mean but I don't gotta deal with t  
his mess  
Telling me I need you when you know you need me  
But if thats how you feel you can just  
Move along, move along, move along, move along  
No argument, no fight  
Move along, move along, move along, move along

I'm just trying to be polite

Please don't get me wrong

Baby understand I'm trying to say get gone, the nicest way I can

'Cause I'm not what you want

See I tried to make this work but our loves in the dirt, so lets See who cal  
ls who first

I'm moving along

I don't wanna be rude, I don't mean to be mean

Telling me I need you when you know you need me

Move along, move along, move along, move along

No argument, no fight

Move along, move along, move along, move along...

I'm just trying to be polite

I don't wanna be rude, I don't mean to be mean but I don't gotta deal with t  
his mess

Telling me I need you when you know you need me

But if thats how you feel you can just

Move along, move along, move along, move along

No argument, no fight

Move along, move along, move along, move along

I'm just trying to be polite
