

My Diamond

Ne-Yo

I'm a rich man...
They cut my lights off yesterday
And I don't have the money to pay
My baby lights a candle anyway, so were ok
I'm a rich man...
But I don't have job currently
And that's just fine with my baby and me
Cause we find other ways to keep busy... you know what I mean

Baby
Your my diamond
Baby I love the way you shine
Your my diamond
Girl I'm so glad to say your mine... mine all mine.

I'm a rich man...
But I don't have a car to drive
And truthfully I don't even mind
My baby walks around with me all the time... oh yess
I'm a rich man...
Said I'm the wealthiest man in the world.
I got no money no gold no string of pearls
I don't need nothing as long as I got my girl... cause shes my world.
..

Baby you're my diamond
Baby I love the way you shine
Your my diamond
Girl I'm so glad to say your mine... mine all mine

Wealthiest man in the world long as I got you
Ohhhhhh
You are the lady of my life... your my diamondd...
Baby
Your my diamond

Baby I love the way you shine
Your my diamond
Girl I'm so glad to say your mine... mine all mine
Baby
Your my diamond
Baby I love the way you shine
Your my diamond
Girl I'm so glad to say your mine... mine all mine
