

# Ocean Sure

Ne-Yo

Yeah, yeah-ah, yeah-ah

Sometimes our love is clear horizons  
But sometimes I feel I'm lost at sea  
I'm in love so deep  
But I need you to guide me

My lighthouse  
Right next to the ocean  
Where I won't be insecure  
'Cause you get me in a breeze  
When I'm feeling unsure

I wanna be ocean sure  
And I'm the one you adore  
Want you to make me sure, sure  
I wanna be ocean sure  
Why don't you love me more?  
I need you to love me more  
'Til I want you for sure

Sometimes our love is clearer waters  
But sometimes those waves come crashing down on me  
And I can't breathe  
I need you to rescue me

My lighthouse  
Right next to the ocean  
Where I won't be insecure  
'Cause you get me in a breeze  
When I'm feeling unsure

I wanna be ocean sure  
And I'm the one you adore  
Want you to make me sure, sure  
I wanna be ocean sure  
Why don't you love me more?  
I need you to love me more  
'Til I want you for sure  
'Til I want you for sure

I wanna be sure  
I'm who you adore  
Can you make me sure?  
Ohhh, I wanna be sure  
I'm who you adore  
Can you make me sure?

I wanna be ocean sure  
And I'm the one you adore (And I'm the one that you adore)  
Want you to make me sure, sure  
I wanna be ocean sure  
Why don't you love me more?  
I need you to love me more  
I want you to be sure
