

Sometimes

Ne-Yo

Starting to rain again
Everyone is going out
Even the sun
Starting to rain again
Drove away
What have I done

I've been high, I've been low
I've been wealthy and I've been poor
Don't know much, but one thing I know
This ain't no fun

Sometimes I wish that I could stay here
And fade away (sometimes) hey
... could see the tears running down my face (sometime)
It feels a... be great

Sex is the...
Starting to rain again
I give my world
For just one more
I've been up, I've been down
Stay in one place
I won't...
If I know then what I know now
We still be inlove

Sometimes I wish that I could stay here
And fade away (sometimes) hey
... could see the tears running down my face (sometime)
It feels a... be great

Couldn't look in myself in the mirror
Say to myself how could you be
Everything seem so much clearer
If no one could see me

Sometimes I wish that I could stay here
And fade away (sometimes) hey
... could see the tears running down my face (sometime)
It feels a... be great
