

I don't want nobody else  
I don't want nobody else

Give you all of my attention, mmm  
It's straight shots, no champagne sippin' tonight (It's that kind of night)  
Add Netflix to this massage, better yet turn that shit off (Yeah)  
'Cause I love to hear you cussin' at me  
Like, "Ooh, shit, baby, too deep"  
You never felt this feeling when I touch you, ooh  
I never loved nobody like I love you, ayy

That's why I only want you to love (You to love)  
I don't want nobody else (I don't want nobody else, yeah, yeah)  
I only want you to love (You to love, oh)  
I don't want nobody else (I don't want nobody else, yeah-yeah)

They say love is all we missing (Woo)  
Let's play "Oui" while we French kiss it all night (Oh, yeah, yeah-yeah)  
Let's lay down while we watch stars  
Let's dance until last call  
Wake up, you text you're thinking about me (Oh-woah)  
Yeah, I never felt that feeling when I'm touching  
(Feeling when I'm touching, oh, no)  
I never loved nobody like I love you (Nobody like I love you)

That's why I only want you to love (You to love)  
I don't want nobody else (I don't want nobody else, yeah, yeah)  
I only want you to love (You to love, oh, oh)  
I don't want nobody else (I don't want nobody else, yeah, yeah)

Oh, uh  
Kissing on you in public (Ayy)  
They could tell it's mine, don't touch it  
If you ever leave me, I'd be upset  
Talking sick to my stomach, I don't play about my woman, nah  
Wishin' we could get high and make love stoned  
In the sheets to a love song  
Your heartbeat be the beat I put words on, oh-oh  
(Ooh) Yeah  
We should be team us (Team us)  
Girl, I want you all the time  
Ooh, you ease my mind

That's why I only want you to love (Oh, yeah-yeah)  
I don't want nobody else (Nobody, nobody, yeah, yeah, woo)  
I only want you to love (You know I do want you, babe)  
I don't want nobody else (Nobody, ooh-ooh, yeah, yeah, hey)

I don't want nobody else (I don't want nobody)  
I don't want nobody else (Mm)  
Talking sick to my stomach, I don't play about my woman, no  
'Body else (Nah, nah, nah, nah-nah-nah-nah, don't)  
I don't want nobody else (No, nobody)  
I only want you to love (I don't want nobody)  
(I don't want nobody else) I don't want nobody else
