

Us Like We

Ne-Yo

(Hey!) We can sit here all day, all day.
With our faces balled up, playing this quiet game. (Game)
Or we can be yelling and screaming, your waving hands in my face. (My face)
No matter what happens, we scrappin', we make up and remain.

It's strange, yeah it's so common that we disagree.
It's pain, and yeah, it's pleasure baby you and me.
We claim we could find better if we were to leave.
But I ain't going no where.
I know you're gonna be right there, baby...

Baby, ain't nobody putting up with me, but you.
And ain't nobody putting up with you, but me.
Cuz ain't nobody doing us like we.

Baby try and tell me different baby.
Won't you try and tell me different, baby. (Baby)

(Uh) Baby you can get mad at me. (At me)
Cuz if the game is on, I don't hear a word you say.
Don't go runnin' your mouth to your friends (Of what we doing)
Get's on my nerves the same way.

No matter what happens, we scrappin', we make up and remain.

It's strange, yeah it's so common that we disagree.
It's pain, and yeah, it's pleasure baby you and me.
We claim we could find better if we were to leave.
But I ain't going no where.
I know you're gonna be right there, baby. (Hey!)

Baby, ain't nobody putting up with me, but you. (Putting up with me, but you
)
And ain't nobody putting up with you, but me. (Putting up with you, but me)
Cuz ain't nobody doing us like we.

Baby try and tell me different baby.
Won't you try and tell me different, baby. (Baby)

We're good at two things.
Breaking up and making up.
But my heart won't change no (No)
No matter what, can't get enough of us.

(Hey!) Just a little argument.
All we gotta do is forgive and forget.
(Yeah, yeah) Neither one of us wants to quit (Neither one of us wants to quit,
baby!)

Baby, ain't nobody putting up with me, but you.
And ain't nobody putting up with you, but me.
Cuz ain't nobody doing us like we.

Baby try and tell me different baby.
Won't you try and tell me different, baby. (Baby)
