

DIABLO

Nea

Say you come around when the lights get low
I'm not gonna think bout the morning after
When you make me move baby nice and slow
Diablo, diabo

Yea you come around when the lights get low
Ain't no turning back from this sweet disaster
You still got my heart when my mind says no
Diablo Diablo

Shotgun, shotgun
Back to my apartment
Going way too fast

No one, no one
got me like you got me
Bringing out the bad

Cus I know that we said goodbye for a reason
I wanted us to be done for a reason
Last time, last time
Swear it was the last time
Until you called

Say you come around when the lights get low
I'm not gonna think bout the morning after
When you make me move baby nice and slow
Diablo, diabo

Yea you come around when the lights get low
Ain't no turning back from this sweet disaster
You still got my heart when my mind says no
Diablo Diablo

me ves con ojos con los que no te puedo mirar,
un bandido que ama las putas, cantar y fumar,
quieres venderle hielo a un esquimal,
que mal,
que yo contigo ma' no puedo rimar,

soy un caballero,
pero no te quiero,
may me enseñó a tratar bien hasta los cueros,
que confiar es un veneno,
desnúdate baby en lo que llego,
pa' llevarte el cielo,
pero dándote en el suelo,

Say you come around when the lights get low
I'm not gonna think bout the morning after
When you make me move baby nice and slow
Diablo, diabo

Yea you come around when the lights get low
Ain't no turning back from this sweet disaster
You still got my heart when my mind says no
Diablo Diablo

dices que soy un diablo,
por cómo te hablo,
y pelo el te jalo,
ehhhhh,
entiende que ti solo tu cuerpo yo he amado,

Estas un Diablo
But baby te amo
And I still want you, ehh

Yea I swore I'd never do it again
But I just can't resist it when you pull me in
Diablo

Yea I swore I'd never do it again
I just can't resist it when you pull me in
Diablo
