

Drunk Enough To

Nea

Getting dizzy as I look into your eyes
Spinning fast, Maserati
Swear I fell in love already like once or twice
Since we met at the party

I came solo
And I got nothing on tomorrow
You drink so slow
Time is turning, what are we waiting for?

Are you drunk enough to
Give me your attention
Drunk enough to
Give me what I'm missing
Are you looking good for no reason
Or looking good for me

Are you drunk enough to
Give me your attention
Drunk enough for
Bedroom education
Are you looking good for no reason
Or is it time to leave

Picture you and me spinning like cubes of ice
In a glass of Bacardi
To the rhythm we both get intertwined
Feel the beat through your body

I came solo
And I got nothing on tomorrow
You drink so slow
Time is turning, what are we waiting for?

Are you drunk enough to
Give me your attention
Drunk enough to
Give me what I'm missing
Are you looking good for no reason
Or looking good for me

Are you drunk enough to
Give me your attention
Drunk enough for
Bedroom education
Are you looking good for no reason
Or looking good for me

Are you drunk enough to (mmm)
Drunk enough to (mmm)
Drunk enough to (mmm)
When is it time to leave?

Are you drunk enough to (mmm)
Drunk enough to (mmm)
Drunk enough to (mmm)
When is it time to leave?

I know I can't be the only one
Thinking bout you and me tonight
I know I can't be the only one
Thinking bout you and me tonight
I know I can't be the only one
Thinking bout you and me tonight
I know I can't be the only one
Thinking bout you and me tonight

Are you drunk enough to
Give me your attention
Drunk enough to
Give me what I'm missing
Are you looking good for no reason
Or looking good for me

Are you drunk enough to
Give me your attention
Drunk enough for
Bedroom education
Are you looking good for no reason
Or looking good for me

Are you drunk enough to
(I know I can't be the only one)
(Thinking bout you and me tonight)
Drunk enough to
(I know I can't be the only one)
When is it time to leave?
Are you drunk enough to
(I know I can't be the only one)
(Thinking bout you and me tonight)
Drunk enough to
(I know I could be the only one)
When is it time to leave?
Yeah, yeah
