

No Regrets

Nea

Only you, only you, every night, all the time, it was only you
Had to fight with my mind to cut loose
Only you, only you, all the plans in my head, almost got me fooled
Love is blind till you find out the truth

Don't call me up
To say you miss me and you're sorry
Don't call me up
To say you want me, now I'm gone
Don't call it love
Because you're bored and feeling lonely
Tonight I'll be perfect on my own
And there'll be

Only me, no regrets in the middle of the night
Buying drinks to myself and you won't be on my mind
When I'll be singing, I'll be dancing on the tables, no you
Only me, no regrets, only me, no regrets
Only me, no regrets, in the middle of the night
Buying drinks to myself and you won't be on my mind
When I'll be singing, I'll be dancing on the tables, no you
Only me, no regrets
Only me

Only me, only me, I can get what I need, and I need no help
Nobody knows my body like myself
And I know, and I know, if make a mistake it be my own mess
Won't have to clean after somebody else

Don't call me up
To say you miss me and you're sorry
Don't call me up
To say you want me, now I'm gone
Don't call it love
Because you're bored and feeling lonely
Tonight I'll be perfect on my own
And there'll be

Only me, no regrets in the middle of the night
Buying drinks to myself and you won't be on my mind
When I'll be singing, I'll be dancing on the tables, no you
Only me, no regrets, only me, no regrets
Only me, no regrets, in the middle of the night
Buying drinks to myself and you won't be on my mind
When I'll be singing, I'll be dancing on the tables, no you
Only me, no regrets
Only me

Only me, no more you
Only me, no, me, no
Only me, no more you
Only me, no, me, no
