

YES

Nea

If you wanna go and do the type of things
We normally wouldn't do
The answer is yes, yea
Or if you wanna come over to my place
And keep it just me and you
The answer is yes, yea

Cus I've been waiting for anybody
To keep me up at night
I'm going crazy doing nothing
So really I'm down for whatever you got on your mind

The answer is yes
But let me repeat it
The answer is yes, yes, yes, yes, yes
I'll say it again
Cus baby, I mean it
The answer is yes, yes, yes, yes, yes

If you're in the mood and I'm on your mind
If you like yourself when I'm by your side
You ain't gotta ask cus I'm down tonight
I'll go yes, yes, yes, yes, yes

If you wanna go and get a little looser
Than we ever been before
The answer is yes, yea
Smoke a little bit or have a couple drinks
Whatever you're feeling more
The answer is yes, yea

Cus I've been waiting for anybody
To keep me up at night
I'm going crazy doing nothing
So really I'm down for whatever you got on your mind

The answer is yes
But let me repeat it
The answer is yes, yes, yes, yes, yes
I'll say it again
Cus baby, I mean it
The answer is yes, yes, yes, yes, yes

If you're in the mood and I'm on your mind
If you like yourself when I'm by your side
You ain't gotta ask cus I'm down tonight
I'll go yes, yes, yes, yes, yes
