

# Torchbearer

Neaera

Trivial spectrum in the earth  
Meaningless towards time  
A drop in the ocean  
Existence without a shrine

Love and praise the moment  
And cherish the things that are  
Embalm, entomb your past  
And ignite your future  
Torchbearer

Meaningless towards time?  
Heritage without a shrine?

In amidst the anguish  
You bear the torch  
To vacant realms

Yet to forge

You thought you silenced your demons  
Put your dreams to sleep  
You thought you rid your passenger  
Made the darkness weak

Be yourself the torchbearer  
And be yourself the path  
Be yourself the torchbearer  
And be yourself the dark

In amidst the anguish  
You bear the torch  
To vacant realms  
Yet to forge
