

## Plain Jane

Neal McCoy

She's up every morning at 6: 15  
Jumpin' back in to the old routine  
What a shame  
It's all the same  
To plain Jane  
The guys in the office don't pay her any mind  
She doesn't act like the partyin' kind  
What a shame  
They don't know  
Plain Jane

After 5  
She's a Jeckle and a Hyde  
You oughta see her in boots and jeans  
All night  
Every night  
She's a two-steppin' rock and roll dancin' machine  
Drivin' all the boys insane  
Plain Jane

You won't see her on the cover of a magazine  
She could write a book on how to move that thang  
Oh boy  
What a joy  
Plain Jane

Got a boogie woogie back beat sprangin' to the sound

Shakin' it up  
Shakin' it down  
So fine  
All the time  
Plain Jane

After 5  
She's a Jeckle and a Hyde  
You oughta see her in boots and jeans  
All night  
Every night  
She's a two-steppin' rock and roll dancin' machine  
Drivin' all the boys insane  
Plain Jane

(That's right, you all know her)
