

Lowlife

Neck Deep

My colors
Yellow and green
But I like some purple with my tangerine
Can you name me a better disease?
I'm young and dumb
Got vacancy
Got vacancy
I'm vacant

You're perfect
Perfectly clean
I'm drinking coffee on a trampoline
You think you're better than me
'Cause I'm young and dumb and vacant, see?
I'm vacant, see?
I'm vacant

Oh well, oh well
You're a normie
So fucking boring
Maybe I'll see you in hell
Mr. "I'm so important"

My dreamworld is Alice and me
My life is one big jamboree
If you feel like taking a seat
No you can't stay
No vacancy
No vacancy
I'm vacant

Oh well, oh well
You're a normie
So fucking boring
Maybe I'll see you in hell
Mr. "I'm so important"

Mr. Important
I'm ignoring you
The king of the morning
Fucking boring

So what? So what?
I'm a lowlife
Living the slow life, baby
I'll see you in hell
Mr. "Dead on the inside"

Can you name me a better disease?
I'm young and dumb got vacancy
At the jamboree
On a trampoline
Purple tangerine
Got vacancy
