

Pushing Daisies

Neck Deep

If you let go
You might find the end holds your new start
These cycles, they keep us in motion
So we can take the next step

If I know that one thing's true
It is in fact that I don't know nothing at all
Everyone seems to think they do
But they don't care and it's all wrong

So if you're asking me
Remember we all end up pushing daisies
And that's the way it is
Oh, if you're asking me
You gotta let it go, you gotta let it be
I know that I can't change the world
And that's just how it is

It's a long road
But I'm not scared
I'm so sure, I'm so clear
Oh no you can't fight it
You can't fight love
You can't go back
And no, you can't kill time, yeah

If I know that one thing's true,
It is in fact that I don't know nothing
And it all comes back to you
It's a new start, it's the next step

So if you're asking me
Remember we all end up pushing daisies
And that's the way it is
Oh, if you're asking me
You gotta let it go, you gotta let it be
I know that I can't change the world
And that's just how it is
That's just how it is
That's just how it is
That's just how it is

Well, I'm sure you can see that I'm doing much better now
Me and my girl with the world all figured out
Life is a joke and we get dead anyhow
Lowlife kids gotta live how you wanna live
Fuck society, fuck your politics
Fuck yourself and fuck the way it is
