

# When You Know

Neck Deep

Sunshine, we don't belong here  
We got no flowers to grow  
But it feels so good with you on me, baby  
Yeah, it feels so good when you know  
When you know

Make peace with your demons and hope that they leave you alone  
And make peace with your feelings  
Admit there's a reason you're not letting go  
We could fall right into nothing  
Open arms like we're infinite  
You've got nothing left to lose  
(When you've been crying all night)

Sunshine, we don't belong here  
We got no flowers to grow  
But it feels so good with you on me, baby  
Yeah, it feels so good when you know  
When you know

Break free  
Oh no, not literally  
Cause you've got work at eight  
And I've got friends who hate me  
No, break free from all that makes you weak  
And in that moment stay for forever and a day  
Or three months in, I'm thinking 'bout more than just the next week  
Baby, you feeling me?

Sunshine, we don't belong here  
We got no flowers to grow  
But it feels so good with you on me, baby  
Yeah, it feels so good when you know

And when you know  
You wanna bottle the feeling  
Never let go  
God, I hate when you're leaving  
It just feels so good when you want me baby  
I'll go where you go  
(Whenever you go)

Sunshine, we don't belong here  
We got no flowers to grow  
But it feels so good with you on me, baby  
Yeah, it feels so good when you know  
When you know

When you know  
You wanna bottle the feeling  
Never let go  
God, I hate when you're leaving  
It just feels so good when you want me baby  
I'll go  
When you know
