

## The Human Traffic King (White Slavery Pt. 2)

Necro

Your mental, we'll destroy it, you'll fuck fat dudes and enjoy it  
Hooka bitch, he smells like shit, you puke on dick, you сука, блядь  
No conscience, fuck your blond bush with no condom  
It's convicts in a condo, it's like Egyptian bondage film gonzo  
Burn your ID's, no traces of fam relations  
Not even immigration knows where your place is, you're faceless  
From the streets of the Czech Republic to being checked  
Into a snuff flick, snatched in public, a piece of snatch  
A good catch, some good cash, Ukrainian gash  
Your cranium smashed in a Prague stag that ends up in a Glad bag  
You wannabe model, you'll take a bottle in your vaginal  
A tragic beauty pageant run by animals dressed casual  
Manipulation, they forgot to tell you one stipulation  
Random dick invasion, equals one sick equation  
Fucked by numerous men creates Krueger  
A bastard baby, incubation enforce my law with the Luger  
Say goodbye to your папочка, pop your cherry  
Make an amateur porn star out of you, spread your legs like an aperture  
Wondergirl, you turning twenty tricks a day, forget the junior prom  
You're shipped away and slipped into the underworld  
Runaways, thinking they're living in the fun phase  
Get caught up where the guns blaze, manic Mondays  
Turn to panic treat you like a mannequin wearin' undies  
Bloody panties, kill your fantasies, travelling famous to London one day  
You got schemed on romantically, things frantically  
Switched you bitch, you're thinking to yourself it can't be!  
In the blink of an eye shit flipped  
Shifty, shady, I'm a pimp lady, give you a buck 50 baby  
Don't fuck with me, you got played see, moron, didn't your parents  
Teach you not to talk to strangers? You should have walked on!  
Welcome to my mansion, I call it the white slave house  
You're flipping like a mouse in a trap, you can't get out  
You've been caught, you've been bought, you're an import  
Your existence is unimportant, no one will report you missing  
In short you're fucked literally somewhere in Italy  
Vienna maybe with your baby home with the babysitter worried sickly  
Beyond belief human thieves sell you like calf beef  
Your ass cheeks make more loot than hashish  
Philippino kidnappers taking your kid captive in broad daylight  
The locals show no reaction like trained actors  
Abductions, bloodsuckers give you instructions  
To use your mouth like suction cups, shipped customless through customs  
Economic hardship and poverty justifies human robbery  
Predators look for easy targets, to black market and sodomy

DIE!
