

By My Side

Ned LeDoux

Joined our lives together
At the foothills of our dreams
Kept it all so simple
Side by side as a team
Had our share of hard times
Together we made it through
Now we're dancing in the sun
I'm so proud of me and you

You're still as beautiful
As stars in the Kansas sky
With you I'm always home
How I love to see you smile
We've been through it all
Together in the climb
I'll never fear the mountain
As long as you're by my side

Better than a fairy tale
Smiles in the dark
Thinking back on where we've been
We had it made right from the start
Now we have a family
And our girl looks just like you
Love makes a house a home
All because of what you do

You're still as beautiful
As stars in the Kansas sky
With you I'm always home
How I love to see you smile
We've been through it all
Together in the climb
I'll never fear the mountain
As long as you're by my side

And you'll always be my best friend
No matter what else may change
And it'll always be a blessing
That you chose to share my name

And you're still as beautiful
As stars in the Kansas sky
With you I'm always home
How I love to see you smile
We've been through it all
Together in the climb
I'll never fear the mountain
As long as you're by my side

We've been through it all
Together in the climb
I'll never fear the mountain
As long as you're by my side
