

# Hey Hey

Ned LeDoux

Your tender loving baby's all I need  
Treasures of the world don't mean much to me  
When you're not around it's hard to breath  
Hey Hey  
And when the world starts bringing me down  
Your faith in me picks me up off the ground  
You're the best thing that I ever found  
Hey Hey

Hey Hey  
Little angel we can make it our own way  
Hey Hey  
And the love that we have for each other  
Gets stronger everyday

Your candy kisses make me feel brand new  
Just can't get enough I'm so into you  
You're so good at doin' what you do  
Hey Hey

Little secrets you and I only know  
Not in a hurry we're just taking it slow  
Your love has always been a beautiful show  
Hey Hey

Hey Hey  
Little angel we can make it our own way  
Hey Hey  
And the love that we have for each other  
Gets stronger everyday

Hey Hey  
Little angel we can make it our own way  
Hey Hey  
And the love that we have for each other  
Gets stronger everyday
