

## Nothing Like

Ned's Atomic Dustbin

I don't know what you're thinking  
When you fail to see things are at an end  
You hate to see me start again  
And you don't seem nothing like my friend

Well you just watch me  
'Cause you cannot stop me  
I don't deny you're in good health  
But I do deny that I've found wealth

You look like a fool, but who can tell,  
You don't look nothing like yourself
