

Cops

Needtobreathe

Everybody is needing answers
But I can't be the one to tell you that is true
I'm not here for your trophy case
And I don't believe that I'm anything like you

You thought that I could be another mouthpiece for the creed
But I'm not ashamed to tell you that I'm not
I'm a failure that's for sure
Just like everyone I know
But I'm tired of being chased by all these cops

I'm not here for your trophy case
And I don't believe that I'm anything like you

You thought that I could be another mouthpiece for the creed
But I'm not ashamed to tell you that I'm not
I'm a failure that's for sure
Just like everyone I know
But I'm tired of being chased by all these cops

You thought that I could be another mouthpiece for the creed
But I'm not ashamed to tell you that I'm not
I'm a failure that's for sure
Just like everyone I know
But I'm tired of being chased by all these cops
