

Cries

Needtobreathe

I could even be, the one that made you
I could even be, the one that loves you
Father, Father, please, help me, you cry and shame
You won't let me, no no no You
You won't let me

Because your, cries
Here's the only thing that, keeps you from me
Cries, here's my heart burn
I've got to see you bleed, oh, I've got to see you

I could even be, the one who saved you
I could even be, the only hope for you
Father, Father, please, help me, you cry and shame
You won't let me, no no no You
You won't let me

Because your, cries
Here's the only thing that, keeps you from me
Cries, here's my heart burn
I've got to see you bleed, oh, I've got to see you

I'm begging you to run
Into my sweet sweet mercy let it pour all over me
I'm begging you go
Into my sweet sweet presence let it pour all over me

Because your, life
Is the only thing that, keeps you from me
Cries, here's my heart burn
I've got to see you, oh, I've got to see you

Lie!
Here's the only thing that, keeps you from me
Oh, it keeps you from me!
Cries, here's my heart burn
I've got to see you bleed, oh, I've got to see you

I've got to see you bleed, I've got to see you
I've got to see you bleed, oh, I've got to see you
I've got to see you...
