

## Into The Mystery

Needtobreathe

It's hard to see it, still believe it  
You have always lived deep inside my heart  
I need to know You, would swim the unknown seas  
And follow me (Follow me, follow me)  
Into the mystery

From my shallow grave, I've prayed to find  
The strength to crawl, the strength to climb  
Up to the surface, untie my hands  
Sorrow had a purpose but it's time to stand

'Cause I just wanna be loved by you  
I cannot resist the need to hear you say it  
Whatever you do, I will be there  
Son, I will follow you anywhere  
Into the mystery  
(Ah, ah)

Love is not a cage, love is not a path  
Love's a steady hand waitin' for the storm to pass  
You loved me then when you needed me  
Will you still when it's not so easy?

'Cause I just wanna be loved by you  
I cannot resist the need to hear you say it  
Whatever you do, I will be there  
Son, I will follow you anywhere

We are sons and daughters  
We are flesh and dust  
We are pulled from the wreckage  
We are not alone  
We are lovers broken  
We are vicarious dreams  
We are tumblin' in space, out of control  
Into the mystery (Ah)  
Into the mystery (Ah)

I just wanna be loved by you  
I cannot resist the need to hear you say it  
Whatever you do, I will be there  
Son, I will follow you  
Into the mystery (Ah)  
Into the mystery (Ah)
