

## Mysteries

Needtobreathe

If you think that I'm wrong, go ahead and say it to me  
But if you stay here for long, you'll see  
I'm the only one who can half-believe  
That you've got all you need to see

I believe in mysteries  
I believe in what you say to me  
If you could, just give me one more chance  
'Cause I just want to

I could jump this cab, I could sing this song  
But everything that I do, I always do it wrong  
You can say it to me, you can slap me on my face  
But you've got all you need to see

I believe in mysteries  
I believe in what you say to me  
If you could, just give me one more chance  
'Cause I, I, I just wanna believe  
I wanna believe  
I wanna believe  
I want to believe
