

Bitch lick balls
I just came down off my sixth lift off
Five foot chain if I get pissed off
You can have your tubes tied, and I won't hit raw
Beast boy, Teen Titan I'm on go
DTB on a beat that's bro
It's somethin' in my cup that make a nigga feel slow
I bought a brand new whip and left the stocks on that hoe
I know your hottest spots I got the drop on that hoe
We pull up shut 'em down and open shop on that hoe
All my enemies see me comin'
All my enemies, pew, be runnin'
We know you gon' spill my nigga you not a hunnid
Bitch know I be eatin' she can tell look at my stomach
Choppa so big you would think I got a third leg
I'ma strip her meds just for the hurt leg
And I don't play games, I gave my playstation to my lil son
Bet I up this forty and up your face for havin' fun
Pick up what's left of your ass and throw you in the trunk
Then throw your body in the Bay as I parlay and smoke a blunt

Bitch lick balls
You ain't never met another nigga this raw
Bsisso 101, I'm feelin' like a God
I don't know soft I go too hard
Bitch lick balls
You ain't never met another nigga this raw
Bsisso 101, I'm feelin' like a God
I don't know soft I go too hard

Image is everything and bitch I look good
Runnin' like the thing that's in the car under the hood
Pussy nigga where you from don't even show you love
OGs is broke gs can't even give you dub
Bsisso 101s and my Versace dun-da-duns
River got the drum you think he naked then you dumb
Sayid pulled up, that's my muthafuckin' plug
Hit a line with the [?] and a line on all the mud
I ain't watch the dishes niggas still be bustin' suds
Twenty two a Glock twenty three off in the club
First name big bitch last name Chang
I got leashed on the beach, yo' bitch gave me brain
I'm too dipped
I'd never get lost in the sauce
My face a coupon 'cause all these bitches tearin' me off
Big roller, watch how I push racks in the stroller
Free game, but the bitch gon' get taxed when it's over

Bitch lick balls
You ain't never met another nigga this raw
Bsisso 101, I'm feelin' like a God
I don't know soft I go too hard
