

Don't Stress

Nef The Pharaoh

Said I like the way I feel today
And I like what's spillin' out my cup
Not living right, yeah some would say
But I guess I just don't give a fuck
'Cause nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
'Cause I don't stress too much
My nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
No I don't stress too much

Summer nights, listening to Lil Rap
L.O.E., shout out to my brother Ride
Never had a nine to five, I was too much of a boss
Only nigga tell em what to do is my son when he talk
Barefooted on the beach in Waikiki
Ten bands for a feature, I'm a little cheap
Jumping off the balcony at Fountain Blue
Probably a drink of the fountain of the youth
Girl troubles, tryna stay under with A-listers
If TMZ catch me, this for the Bay nigga
Said I don't stress too much when I think about you
I blow a pound to the neck just to chief without you

Said I like the way I feel today
And I like what's spillin' out my cup
Not living right, yeah some would say
But I guess I just don't give a fuck
'Cause nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
'Cause I don't stress too much
My nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
No I don't stress too much

Hardly stressing, counting every single blessing
Voicemail full, I ain't get the message
I just had my fifth orgy at the Crimewell
Hopefull my ex be fine but only time tells
Why do I be fucking up relationships?
Probably 'cause I got a wife in every state I'm in
Top hat, I'm finna bring back the gap bin
The doctor saw a tiger when I got a CAT scan
Goddamn Chang, you the dookie stain, spitting stupid flame
Know your Nana would be proud of the man you became
She said don't stress much when you think about me
And blow a pound to the neck if you chief without me

Said I like the way I feel today
And I like what's spillin' out my cup
Not living right, yeah some would say
But I guess I just don't give a fuck
'Cause nigga I'm shining like the sun all day

Grinding, why you in my way
Said I don't stress too much when I think about you
'Cause I don't stress too much
My nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
No I don't stress too much

'Cause nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
'Cause I don't stress too much
My nigga I'm shining like the sun all day
Grinding, why you in my way
Said I don't stress too much when I think about you
No I don't stress too much
Said I don't stress too much when I think about you
No I don't stress too much
Said I don't stress too much when I think about you
No I don't stress too much
Said I don't stress too much when I think about you
Said I don't stress too much
