

Do's & Don'ts

Nef The Pharaoh

My granny told me

My granny told me life is full of dos and don'ts
Devil wanna catch me slippin' and I pray he won't
My house was in the streets, I ain't have a home
I can't hang it up now, bitch, I'm on the road
I put my faith in God, only way to the top
I will never sell my soul, it's the only thing that I got
I put my faith in God, only way to the top
I will never sell my soul, it's the only thing that I got

I been havin' problems with some niggas up the street
They shot my brother in his shit, so we just slidin' all week
Plus I got these bills to pay, I'm goin' on a meal a day
Life is full of stepping stones, I'm stepping if you in the way
I thought I was on a straight road, but they don't even make those
Niggas be so envious when you got you a bankroll
I just got off the phone with Boosie Boo, he said, "Get money, do you"
The devil wanna wish you out your spot, don't let it come true
My mama always tell me she don't like me buy guns
But that the same ass Glock that protected her son
I'm from the hood, I saw a way, I made it out, bitch, I won, I love the life
style
I'd rather have collect calls than be missed by my own child

My granny told me life is full of dos and don'ts
Devil wanna catch me slippin' and I pray he won't
My house was in the streets, I ain't have a home
I can't hang it up now, bitch, I'm on the road
I put my faith in God, only way to the top
I will never sell my soul, it's the only thing that I got
I put my faith in God, only way to the top
I will never sell my soul, it's the only thing that I got
