Nice cars, big houses
Big living rooms, big ass couches
Big bedrooms, big ass mattress

Big weed, big blunts, big ashes
A bunch of bad bitches, big asses
Big dick... tell your friends I got big dick
Or she gone have to pay me up the big shit
Bitch I'm big tymin'
Check out the views, I'm the shit, I ain't lyin'
They love a nigga all the way in China
Everywhere I go I get vagina
Whoa been grinding
Stay gold neffy boy and those diamonds
I'm a pharaoh and these other niggas peasants
Oh lord, swear my bitch from the heavens

Big trucks, big grills
I just bought my baby boy a big wheel
My city's small and I'm big, now that's trill
When they ask how I live?
Everything big

20 years old rich by 25
Vallejo died and I brought my city back to life
And I ain't trying to take you niggas pride
I'm doing what I was hard work to back in '95
KIL-FMB we're independent
Last name pharaoh, nigga check my descendants
Dinero's the topic and I got it trending
I'm in her mouth like a sentence
Roll a wood, spark it up like an incense
Two hits, I am lit in an instant
Aye Neffy going mainy again
I want your lady again
Making her pay me again
And theirs mackin' in my blood cause the Mac is my kin
And its probably in my son cause his dad is a nig'
When I pull up on the scene they be like damn that's him
But I ain't even driving
A standby is

Big trucks, big grills
I just bought my baby boy a big wheel
My city's small and I'm big, now that's trill
When they ask how I live?

Everything big
Everything big
Everything big
Everything big
Everything big
Everything big
Everything big
