

Mobbin

Nef The Pharaoh

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

The new life of Sick Wid It
I don't think E-40 knew a little nigga was this gifted
Race track, talk cars, I had to gear-shift
I'm always in somebody mouth like spearmint
In a crowd of a hunnid thousand, I'ma stand out
I never really been the type to have my hand out
While you lazy ass rappers just layin' around
I was in my notepad jottin' all my plans down
Longevity, I plan on stayin' around
Plantin' all my seeds, watch 'em grow, and then I tear 'em down
Meanwhile, your gal let me hair down
She gon' get dope dick, North Cal bear style
For a while, I was treated like a stepchild
Until a nigga stepped out and started lettin' [?]
Got so many ex's now, I should have an X File
Automatic message replies, I never text now

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Trips to Rome, shrimps, and calzones
I'm always out of range, I'ma text you when I get home
Every night I hit another new city, damn
Bape from New York, Bape from Japan
I'ma pick up surfin', the money is rollin' in
The champagne is pourin, my bitch just had a twin
Fuck up, wake up, do it all again
I always stick to myself, but now I'm lettin' you in
In Atlanta the loss, I'm the nigga to win
In the spot where my 7's Glock got hollow tip
Your mans act really tough, he really not with the shit
Got knocked for his bitch and I ain't mad at the kid
You the type of nigga to have your thang on safety
I'm be in and out the shot, [?]
From the hood with the thugs, to the burbs where the Bay be
I ain't never ever let the money change me

Nigga, I be mobbin'

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day

Now I be mobbin like a mothafucker every single day
Every single day, every-every single day
