I had to spice my lifestyle

Armani Exchange student eating steak at Gauchos  
You spent a year on your album, it sounded like an outro  
I went from first class flying to flying private jets  
And I ain't even get to show this bitch my privates yet  
In the black cabs slappin nino with the nines  
Out in London with the guys, slanging curry with the rice  
Tell the plug call my phone, Waguan  
This is for my soldiers that died, gone too young  
This is the perks of the life style (ay, ay, ay)  
I used to walk everywhere, a nigga fly now (ay, ay, ay)  
I pay the bills for my mommy, I'm the guy now (ay, ay, ay)  
Was doing wrong all my life, I'm doing it right now  
Doing it right now, 'cause I had to spice up my lifestyle

I had to spice my lifestyle (I)  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle (I)  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle

I had to, I had to, myself when I asked you  
They ain't believe I could, this shit a dream  
I got Christians on my feet, paid 13 for my jeans  
I'd do it all for my team, I'd do it all for my dream, aye  
Fucking with the kid like I'm Jason  
Bitch these cartiers, they ain't no Ray Bans  
Please don't step on these Masons  
I'm a mime to a cop, I don't say shit  
Thank Nef for that first show  
Can't fuck with 360s 'cause I'm worth more  
Please don't take it the wrong way, went my own way  
I had to spice up my life on my own thing  
I had to flex on my old thing, I had to had to turn half to a whole thing  
Bitch my pockets all green like they molded  
I had to talk that cash to hit my goals yeah

I had to spice my lifestyle (I)  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle (I)  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle  
Spice up my, spice up my lifestyle (I)  
I had to spice my lifestyle
